KUU SATIN IP 67

Colour	Product No.
Satin	1545199

The temperature of the components is controlled by the luminaire electronics. If the temperature rises too high, the power of the luminaire is automatically reduced and overheating is avoided. This feature protects the components and makes the luminaire longlife.

Ambient temperature -25°C ... +60°C

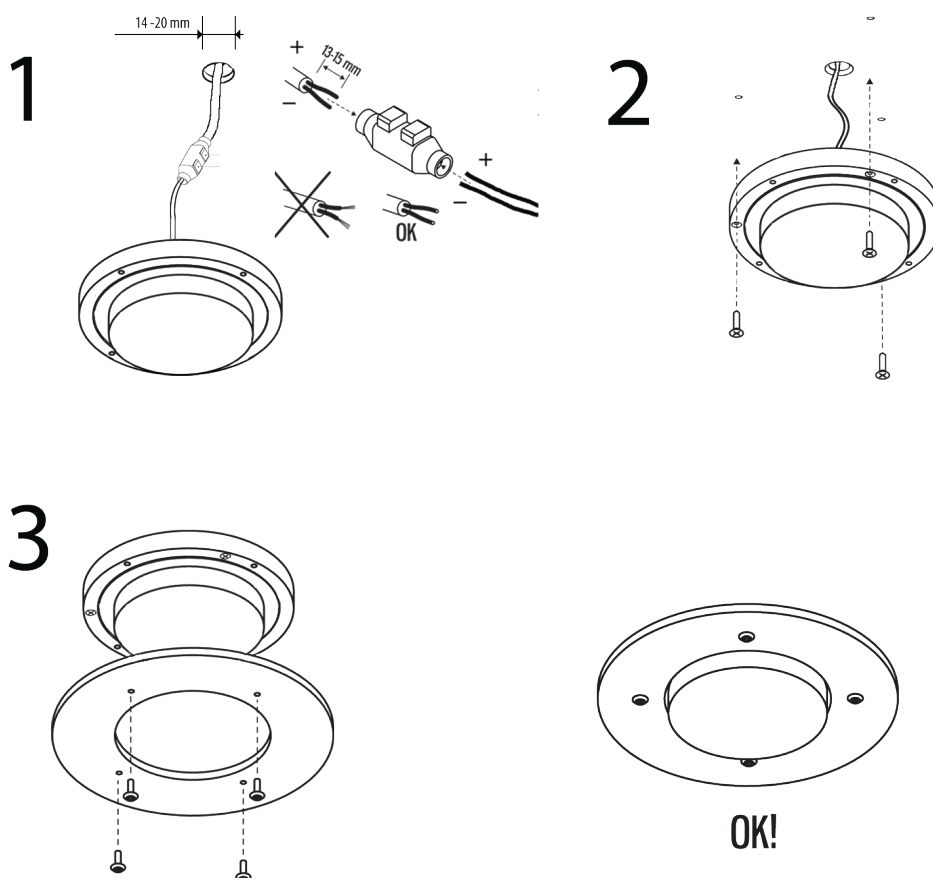

Power	K	CRI	IP	DIM	Size
7 W / 24 V	3100	> 90	67	1 -10 V	Diameter 150 mm
